TORNADO HITS HARD

Many Towns in Illinois Wrecked by Last Night's Destructive Storm.

Louisvillians Badly Frightened But No Damage—Governor Beckham Visiting.

PA. REPUBLICANS MEET.

DESTRUCTIVE TORNADO.

Chicago, Ill., June 11.—Messengers have been received here relative to a destructive tornado which last night swept from the southern boundary of Wisconsin through Central Illinois as far south as Bloomington, with ramifications west of the Mississippi.

At Merna, Ill., 30 lives were lost.

Laurel, a little town in Marshall county, Iowa, has been wiped out by the fury of the storm.

Bloomington, Ill., was severely hit and many buildings were wrecked and traffic suspended, but no lives were lost.

The wires have all been down, and it is with difficulty that any information whatever has been secured. Crows from the telegraph and telephone companies' offices left Chicago early to begin restoring the lines shattered by the storm.

The tornado swept through the state about midnight, accompanied by electric discharges of a severe nature. For seven hours Chicago could obtain no communication with cities in the path of the storm.

GOV. BECKHAM IN DANVILLE.

Frankfort, June 11.—Governor Beckham this morning left for Danville, Ky., to attend the university commencement exercises. He will return tomorrow.

LOUISVILLE HIT BY STORM.

Louisville, June 11.—Louisville was hit by a lively thunder storm this morning early. The wind blew at the rate of 50 miles an hour. People were badly frightened, but no damage was done. The rainfall was nearly half an inch.

STILL ON A STRIKE

Caulkers Refuse to Return to Work, and Say They Will Stand Firm.

They Object to Common Laborers Doing Work They Claim Belongs to Them.

WAYS TEMPORARILY CLOSED

The strike of fifteen caulkers is still on at the marine ways, and there is no definite prospect of an early settlement. The published report that the differences had been adjusted and they would return to work today was without foundation.

The caulkers claim that their rules and by-laws require them to do their own "reaming" and "horsing," which has reference to the manner of caulking a boat, or placing the oakum in the seams of the hull.

Yesterday they received information that Superintendent Mike Williams was going to put on laborers to do the horsing and reaming, in order to rush work, they and all quit before he had a chance to put on the laborers.

There was a meeting yesterday afternoon, and another this morning, and the result was simply that the caulkers decided that they could make no concessions, but would adhere to their laws.

Captain Williams says he has shut down the ways temporarily on account of the shortage in timber, and will not operate them again until he receives plenty of it.

It is understood that an agreement has been drawn up for presentation to Superintendent Williams, agreeing to put on no laborers for the work mentioned above, and if it is signed the men will return to work.

The caulkers this morning could have gone to work on the Halpin, but declined. They claim that during the dull season they were given to understand that they could make it up in the busy season, and now when there is plenty to do, the management is trying to put on common laborers to do the work of skilled laborers, thus taking that much work from the latter and reducing the amount of work they will have to do on every job, at the same time cutting short the job.

HOTTEST OF YEAR

THE MERCURY TODAY WENT TO 99 IN THE SHADE.

There has been another sudden change in the weather. Yesterday many people were still wearing hastily donned winter suits as a result of the cool spell of the night before, and this afternoon Observer Bornemann's government thermometer at 2 o'clock showed that the temperature was 99 in the shade, the highest of the year, with prospects of its going to 100 before night.

LARGE CROWDS ATTENDED

IMPRESSIVE SERVICES AT TEMPLE ISRAEL THIS MORNING.

The confirmation services at Temple Israel this forenoon were largely attended and were most impressive. The program, both musical and otherwise, was one that was prepared with great care, and Rabbi David Alexander preached an eloquent sermon.

The confirmants were Jennie and Abram Sloan.

MORGAN GOES TO LONDON.

Dover, England, June 11.—J. Pierpont Morgan of New York arrived here this afternoon from the continent and proceeded to London.

THE FIGHT GETS HOT

Now a Question of Canal or No Canal.

The Spooner Bill, It Is Claimed, Means Delay—Mr. Turner Speaks in Favor of Nicaragua.

WHAT CONGRESS IS DOING

Washington, June 11.—That the adoption of the Spooner substitute instructing the President to negotiate for the Panama canal would mean no canal legislation is made plain by statements of prominent members of the house that the lower branch would stick to its own canal bill, and the subject would die in conference.

Representative Hepburn, by whose name the bill is known, is now out of the city, but those familiar with his views say he would never yield to the Spooner substitute. Representative Mann of Illinois, an able lieutenant of Mr. Hepburn, said:

"It is a question of canal or no canal. If the senate should adopt the Spooner substitute the house, which passed the Hepburn bill with only two dissenting votes would not yield. It is a desperate fight between legislation and no legislation, and I do not think that the senate appreciates the situation. Nicaragua means a certainty of completion. Panama means uncertainty of beginning. Nicaragua means a clear title, freedom from scandal. Panama means legal and diplomatic clouds, and the possibility of almost endless scandal."

In the senate yesterday Mr. Turner of Washington spoke in favor of the Nicaragua route. He maintained that the new Panama company could not pass a clear title to the Panama Canal company's rights, franchises and property to the United States, and that if this government purchased it, it would be with all its encumbrances.

WANTS SMITH'S RECORD.

Marshal Crow received a letter this morning from G. E. Corner, superintendent of police of the city of Cleveland, O., asking for the criminal record of Will Smith, colored, who was sent from Paducah in 1898 for robbery to serve a ten year sentence in the Eddyville penitentiary. Marshal Crow is examining the records of the court, and will furnish the Cleveland authorities all the information he can get.

IN THE POLICE COURT

Several Young Men Charged With Assaulting a Hack Driver.

The Bulger Gainer Case Again Left Open by Judge Sanders—Other Cases.

A BEGGAR GETS THIRTY DAYS

Tony Isaman, Red Hubbard, Edith Kyle and Jesse Benson were presented in police court this morning on a charge of assaulting "Beau" Clark, a hack driver, last night. It seems that Clark carried some woman to a place where one of the defendants was, so she could raise a disturbance with him, and he and his friends later retaliated by attacking Clark while he was sitting in front of the Palmer house half asleep. He was badly beaten up with their fists, but not seriously hurt. They all drove off in huggles. Clark yelled so loudly when they beat him that a great many in the vicinity thought he had been out all to pieces. The evidence was this morning partially heard and the case left open.

The warrant against John Gainer, John Bulger and Will Husbands for grand larceny was left open for further testimony.

A case against Husbands, for presenting a pistol when the officers overtook him was also continued.

The case against Mary Owen, for malicious cutting, and Florence McGanthey for malicious assault, were continued. They are the negro women who had a fight yesterday afternoon on Caldwell street, the McGanthey woman being out.

Jim Taylor, colored, was fined \$20 and costs for being drunk and disorderly.

A case against Lottie Hamilton, colored, charged with obtaining a pair of shoes at Cochran's by claiming they were for a lady customer, was continued until tomorrow.

Fred Romaine was fined \$10 and costs for Sunday violation.

Charles Carroll, the legless man who was yesterday given hours to get out of town, was arrested again last night, and this morning given thirty days on the rock pile.

Cases against Sterling Fitzgerald and Clifton Bidwell, colored, for a breach of the peace, and against Em Bradshaw, for a similar offense, were continued.

ON HURRIED ORDERS

German War-Ships Sailing Hastily for Venezuelan Ports.

It Is Possible that a Peace Blockade Will Be Established to Collect Debt.

SHIPS FALKE AND GAZELLE

St. Thomas, D. W. I., June 11.—The German cruiser Falke sailed for La Guayra, Venezuela, yesterday and the German cruiser Gazelle sailed for the same port today under hurried orders from Berlin.

A PEACE BLOCKADE.

Washington, June 11.—In the absence of any official advice on the subject, the officials here are in the dark as to the reasons for the hurried departure of the German warships for Venezuela, as reported in the St. Thomas dispatch. Germany has a big claim against Venezuela, approximately \$6,000,000 bolivars. One inference—there is no official information—is that Germany has sent her vessels to La Guayra to enforce the payment of the claim, as Venezuela has not attempted to meet the obligation.

The diplomatic correspondence of the state department shows that Germany has considered the question of coercion in connection with the payment of the claim. A communication from the German embassy of December 20 last, has this to say on the subject:

"In case the German government should be obliged to use coercion against Venezuela in connection with the pending claims it will have to be considered what kind of measures should be adopted. The most complete measure of coercion—that is the blockade of Venezuela harbors—would have to be carried through without a declaration of war preceding it. A blockade, therefore, would be a peace blockade. Such a blockade would touch likewise the ships of neutral powers, inasmuch as such ships, although a confiscation of them would not have to be considered, would have to be turned away and prohibited until the blockade should be raised. In the same manner European states have proceeded on such occasions, especially England and France."

It is not believed that the United States government would raise any objection should Germany undertake the blockade of Venezuelan ports, to collect the claim of the Berlin company, as the president, in his last message to congress, made the following observation in connection with the attitude of the American government on the Monroe doctrine:

"We do not guarantee any state against punishment if it misconducts itself, provided that the punishment does not take the form of the acquisition of territory by any non-American power."

WILL GIVE BOND TOMORROW.

Mr. F. E. Minter of Shawneetown, Ill., who was here yesterday to arrange for the bond of Charles Mody, the postal clerk charged with the theft of money from registered letters, returned home today at noon but will return tomorrow and give the \$1,000 bond.

NO MEETING TODAY.

The meeting of the Democratic railroad commissioners committee is to be held tomorrow at 10 a. m. at the Palmer house, and not today, as was stated in the other papers. Chairman Mott Ayers will preside.

CAPT. W. F. LAMBDIN

Veteran River Man and Confederate Soldier Succumbs to Long Illness.

Died Last Night After a Several Weeks Confinement—Was Sixty Years Old.

FUNERAL AT 3:30 TOMORROW.

Captain William F. Lambdin, the veteran river man, died about 1 o'clock this morning at his home, 321 North Twelfth street, after a long illness from a complication of diseases. He had been in failing health for the past year or more, and recently became so ill that he went to Dawson. He spent several weeks there the first time, and came back slightly improved, but was compelled to return about two weeks ago.

He came back last week, and was apparently better, but yesterday became worse, and death relieved his sufferings after midnight.

There was not a more familiar character about the river front than Captain Lambdin had been for the past twenty years. He was one of Paducah's best known citizens, and had resided here for the past fifty years.

He was born in Lebanon, Ohio, but came here with his father, Dr. McKay Lambdin, in the forties. He grew to manhood here, and spent most of his life here except what time he resided at Cairo and St. Louis and was a steamboat agent.

At one time he clerked for the hat concern of J. S. Jackson, for years a leading merchant here.

Captain Lambdin served with credit during the civil war, and was a member of the Third Kentucky Confederate Volunteers.

He was a hat drummer after the war, but about twenty years ago became a steamboat agent, and had been one ever since, up to a year or two ago.

Captain Lambdin had been intimately associated with the local press for many years. He was for years river editor of the Daily News, and had subsequently served on nearly every paper in Paducah at different times. His knowledge of steamboating was very extensive, and he was very popular with river men. He was energetic and accommodating, and will be greatly missed by the press of the city, as well as the river interests.

Captain Lambdin is the last of his family, except his aged mother, Mrs. Margaret Lambdin. His father and three brothers rest in Oak Grove, beside whom the remains will be buried. A half brother resides in Cincinnati.

The funeral will take place tomorrow afternoon at 3:30 o'clock from the family residence on Twelfth street, services by Rev. G. W. Briggs, who will return to the city in time to hold them. The burial will be at Oak Grove under the auspices of the Confederate Veterans.

DOCTORS LEAVE FOR THE DAY.

Local doctors left on the Cowling this forenoon for Metropolis Landing to attend the quarterly meeting of the McOracken County Medical society. They will return this evening on the Dick Fowler. Only a few doctors from Paducah attended being as follows: Drs. Stewart, Rivers, Coyle, Elliott, Major Tom Moss and Druggist Jesse Gilbert.

FULTON'S CURFEW LAW.

Fulton has a new curfew law, which requires all citizens, to be in by midnight, unless they have a good excuse to be out. The regulation will be strictly enforced.

AMERICANISM A FAD.

GERMANS AFFECT A PREFERENCE FOR YANKEE COLORS AND MUSIC.

Berlin, June 11—If the Kaiser intended Prince Henry's visit as an advertisement of Germany, the remarkable wave of Americanism that is now spreading over the country is realizing his desire. Unparalleled numbers of American tourists are registering at the leading hotels in all parts of the empire. In Berlin 97 per cent of the guests are Americans.

Every phase of German life is affected by the mania for things American. Troops parade to the music of Sousa marches; half the music played in the summer gardens is rag time, and at first class vanderbilt entertainments the most popular features are the American turns. The most fashionable gaiter hat for girls is decorated with the German and American colors. Children wear miniatures of the emperor wreathed with the stars and stripes.

American jockeys continue to win, and Berlin is on the "qui vive" over the reported intention of J. Pierpont Morgan to visit the Kaiser.

PEACE OFFICERS OF KENTUCKY.

PURPOSE OF ORGANIZATION IS ESTABLISHMENT OF A STATE BUREAU OF IDENTIFICATION.

Lexington, Ky., June 9—The Peace Officers' Association of Kentucky, which was organized by police officers, will meet here today. Fully 200 delegates are expected to be in attendance. The program includes a trolley ride to Georgetown over the Interurban Electric line and a banquet in honor of the visiting delegates. The purpose of the organization is the establishment of a state bureau of identification.

THE ANNIVERSARY

This is to be a Gala Day at the West Point Military Academy.

The Young Soldiers Are Celebrating the Centennial Anniversary of West Point.

NOTABLE VISITORS PRESENT

West Point, N. Y., June 11—Old soldiers long since retired from active service, soldiers still in their prime and at the head of Uncle Sam's army, and young soldiers who have yet to win their spurs gathered here today and helped to make the centennial celebration of the United States Military Academy the greatest of all days in the annals of the institution. The occasion was inspired also by the presence of the president of the nation, his cabinet members, high officials of the army and navy, senators and representatives, foreign diplomats and scores of other persons prominent in official life. But the "old grads" were the particular guests of the day. From every section of the country and from lands far away they came to revisit the scenes of youthful escapades when they were receiving their first military training. One of the most pleasing features of the reunion was the presence of General Simon B. Buckner and one or two others of the handful of surviving Southern generals whose military training was obtained at West Point. Next to the president of the United States these distinguished guests from Dixie land received more attention than did any of the other visitors.

The ceremonies of the day really began with the arrival of the president and his party shortly before 10 o'clock, though the formal exercises did not take place until afternoon. With President Roosevelt were Secretary Hay, Secretary Root and other members of his official family. Speaker Henderson of the House of Representatives, a number of senators, the military attaches of the foreign legations in Washington and a number of other specially invited guests.

The appearance of President Roosevelt on the platform upon which the buildings of the post are located was the signal for a salute of 21 guns from the post battery. The first thing on the program was a review of the cadets. Following the review President Roosevelt and the other great personages were escorted to their quarters. The president was entertained at the superintendent's quarters and Secretary of War Root, Postmaster General Payne and other cabinet officials were entertained at the officers' quarters. The diplomats and other invited guests were by special arrangements accommodated at the hotel. When the visitors had had time to brush some of the dust of travel from their clothes they assembled at the official residence of Colonel Mills, and after a hand shaking all around the guests repaired to Memorial Hall and took luncheon in company with the alumni of the academy.

Following the president's address came the unveiling of the commemorative tablet in the front vestibule of the hall. General John M. Schofield, president of the Association of Graduates of the military academy, delivered the dedicatory address.

The tablet, which is an artistic piece of work, bears the following inscription:

"This tablet, unveiled June 11, 1902, commemorates the completion of the first century of the United States Military Academy, proposed and advocated by Washington, founded by the patriots of the Revolution, fostered by the devoted efforts of her children, this academy has nobly justified her creation.

"Her rigorous discipline has formed her graduates into faithful, honorable and efficient public servants. In war and in peace they have borne a distinguished part in the progress of the na-

tion. "To mould new generations for the service of our country is a sacred trust. May we build with loyal care upon tried and approved foundations."

The formal exercises closed with the oration of the day, delivered by General Horace Porter, ambassador to France. The address was a scholarly effort, ringing with patriotism, and was listened to with rapt attention by the distinguished audience. At the conclusion of the exercises the distinguished assembly cast aside its dignity and gave vent to its patriotic enthusiasm by loudly singing "America" and other patriotic airs.

The feature of the evening is the big centennial banquet in the mess hall. The program of speakers and their topics is as follows: "Our Country," no response; "The President," no response; "Our Alma Mater," no response; "Our Dead," no response; "Our Guests," by Signor Edmondo Mayor des Planches, the Italian ambassador; "American Universities and Colleges," by Dr. William R. Harper, president of the University of Chicago; "Congress and Its Relations to the Military Academy," by David B. Henderson, speaker of the house of representatives; "The Army," by General Nelson A. Miles; "The Navy," by Captain French E. Chadwick; "The Staff and the Army Schools," by Major General Henry C. Corbin; "The Volunteers," by General Daniel E. Sickles, and "The National Guard," by Major General Charles Dick of the Ohio national guard.

CORRIGAN'S SUCCESSOR.

BISHOPS MEET TODAY IN NEW YORK TO SELECT NAMES.

New York, June 11—The bishops of the Roman Catholic province of New York assembled today for the purpose of selecting three names to be forwarded to Rome from which possibly, the selection for the successor to the late Archbishop Corrigan of New York may be made. The prelates who attended the meeting held at the archiepiscopal residence included Bishops McFaul of Trenton, Gabriels of Ogdensburg, Burke of Albany, McQuaid of Rochester and O'Connor of Newark. The conference was preceded by religious services in the cathedral. Bishop Farley celebrated solemn requiem pontifical mass, and Bishop McQuaid preached the sermon.

While the bishops are pledged to secrecy, the belief exists that the three candidates are Bishop Farley, Bishop McDonnell and Vicer General Mooney. It is doubtful if the result will be authoritatively learned until fall, when the official announcement will be forthcoming from Rome.

DIED IN NEW ORLEANS

The deceased was 38 years of age and unmarried. He was bookkeeper for the street car company in the southern metropolis. COLORED PORTER HURT YESTERDAY AT FULTON.

The Louisville and Fulton accommodation train No. 121 yesterday afternoon backed into a freight train standing on a siding in the Fulton yards, near the superintendent's office, and partially demolished a freight car and passenger coach and slightly injured several passengers.

The coach left the track and a split switch did the work. Sam Johnson, a colored porter of Louisville, was slightly bruised by falling across the track and Bridge Foreman G. M. Hubbard and the conductor, E. T. Arnn, jumped, the former sustaining a sprained arm and the latter bruises.

YOUNG GIRL ATTEMPTS SUICIDE
Henderson, Ky., June 11.—Miss Murrel Johnstone, aged 18, daughter of H. W. Johnstone, a high official of the A. O. U. W., swallowed an ounce and a half of carbolic acid here. The young lady has been a sufferer from disease nearly all her life, and it is supposed she intended suicide.

SPECULATORS DISCOURAGED.

PRICE OF SEATS FOR THE CORONATION STEADILY DECLINING.

London, June 11.—There seems likely to be a greater slump in the price of seats for the coronation fetes than was the case during the jubilee. The multiplication of stands has become so great that seats for which five guineas was asked a week ago, are going now for two guineas. Many people are deferring purchases in the hope that seats will be still cheaper.

There was a meeting at the Mansion house today of the promoters of the plan to organize a national coronation gift to the king. His majesty caused it to be intimated that he preferred contributions to be transferred to the King Edward's hospital fund.

SHERIFF WON.

HE SECURED A VERDICT OF \$2,500 AGAINST THE MERRICKS.

Princeton, Ky., June 11.—In the case of Wylie Jones against Robert Merrick and Adelia Merrick for libel the jury returned a verdict for Jones for \$2500. Jones was a candidate for sheriff last fall, and Mr. and Mrs. Merrick, who live in Trigg county, came to Princeton and circulated a circular headed a "Plan for Humannity," stating that Jones had come to their house to arrest their son, Frank Merrick, for forgery, and found him in the throes of death; that Jones entered and pushed Mrs. Merrick from the bedside of the dying boy and told her she would have to stand aside, while doctors examined the boy to decide whether he could be taken to town.

GREER CASE.

IT GOES TO TRIAL AND THE JURY IS SECURED.

The case against James Greer, charged with complicity in the killing of John Thomas, a negro, near Little Cypress, was called at Benton yesterday and went to trial. Ten jurors were secured and the panel having been exhausted another venire was summoned from the county, and this morning the others were secured and testimony will begin at once. There is a great deal of interest in the case.

MAINE REPUBLICANS.

THE STATE CONVENTION MET TODAY TO NOMINATE A GOVERNOR.

Portland, Me., June 11.—Republicans of Maine assembled in state convention here today and shortly after 1 o'clock this afternoon were called to order in the city hall by F. M. Simpson of Bangor, chairman of the state committee. The convention will nominate a candidate for governor to be voted at the September election.

PAINFULLY HURT.

Mrs. James Meegan of Fourth and Horton streets, was painfully hurt in a runaway late yesterday afternoon near Tenth and Hinds streets. Her horse took fright at a yoke of oxen and ran away, throwing Mrs. Meegan and her child out. Mrs. Meegan fell on her head and was painfully bruised, but the child escaped injury. Dr. J. D. Robertson, who was in his automobile about a block away, went to the scene and dressed the victim's injuries, which fortunately are not serious.

ODELL WILLIAMS DEAD.

New York, June 11.—Odell Williams, the comedian, died at the Rossmore hotel of heart failure. During the run of "The Auctioneer" at the Bijou theatre, in which he played an important part, he had to leave on account of his illness.

Mr. Williams accompanied Mrs. Leslie Carter on her first trip to England in the "Heart of Maryland." During his earlier successes he played the part of the Yankee farmer in "Way Down East," and in a "Kentucky Colonel."

The state board of examiners of barbers will shortly visit Paducah to hold its first meeting in this part of the state. The exact date is unknown.

TRUST COMPANIES AS EXECUTORS.

The Globe Bank and Trust Co. will have a paid in capital of \$150,000, invested in good securities, for the faithful custody and management of the property intrusted to it.

Every Trust company in the state is under the jurisdiction of the secretary of state, and a quarterly report is required by law to be made to him, and published.

When it comes to making investments for estates held in trust, trust companies have a reputation for skill and fidelity which a careful company of good standing guards as carefully as it does its capital. The Globe Bank and Trust company has a committee, composed of three of its best business men, to whom all matters relating to trust estates are referred when advice and consultation is necessary.

Therefore a trust company is also entirely reliable and responsible—better than an individual.

The Globe Bank and Trust company besides doing a trust company business does a general banking business and pays interest on deposits. Office 306 Broadway.

DAILY THOUGHT.

"We are builders under an architect. He knows what the cathedral is to be; we only know where we are to lay a timber, or a stone, or a carving."

THE WEATHER.

Showers and thunder storms tonight and probably cooler in the west portion.

At last accounts General Miles was still in a position to dispose of official papers in the same old way.

If the business of the blind man on Broadway is as bad as his grind organ, he will soon be taking the bankruptcy law.

Germany is in a effort to another spectacle of a nation making a big bluff to compel Venezuela to pay that claim.

Judging from the way the city taxes are coming in, the people are in no particular hurry to knuckle down to a \$1.85 tax rate.

Tom L. Johnson of Ohio bids fair to become one of the has-beens. He has been defeated for temporary chairman of the state convention.

The canal question is now the all-absorbing topic in congress. It begins to look as if the two factions will resolve the question into a Kikeany cat affair and when the fight is over there will be no canal bill left.

A prolonged session of congress is believed to be probable. With that threatened drought, a \$1.85 tax rate and the failure of the usual June rise to arrive this will be about as much as we can reasonably be expected to stand in one summer.

The cow question in Paducah continues to be freely discussed. It is reported that a substitute ordinance will be introduced by the board of aldermen at its next meeting. There is no excuse for a substitute ordinance. What is wanted is an ordinance requiring cows to be confined except when being driven to the pasture. There is no excuse for longer clinging to our country ways.

The last spade of dirt was thrown on the political grave of Senator Jones, of Arkansas, when the state Democratic convention yesterday declared former Governor Clark the nominee for United States senator. With Colonel Willie Bryan on a farm, Tom Johnson beaten in his own party, and Cleveland and Hill bugging each other again, the free-silver-or-bust contingent ought to begin to feel its own insignificance.

It was suspected for some time that Conneliman Potter had raised his calling when he went into the council, but it was not clear just what he should have been. It seems that he ought to be a preacher. If he were, it is certain he would not have a chance

to meddle with public questions affecting the welfare and happiness of the people, but would devote his attention exclusively to the scriptures, of which he evidently knows more than he does of municipal progress.

It is announced that the milk and meat inspector has begun to test the milk at the wagons instead of in the dairies. This is the only way it should ever be inspected. There is nothing to prevent it from being diluted or "doctored" after the inspector has left the dairy, and then brought to the city and sold. If it is tested in the wagon, it will give the dairyman no chance for a substitution, and the probability of being held up for a test at any time will result in good milk always being brought to the city.

In the death of Captain W. F. Lambdin the press has lost a staunch friend. He was always pleasant and accommodating, and was recognized as an ever welcome visitor to the newspaper offices. For many years he had furnished the river news to the papers, and was faithful and industrious until his health forced him to abandon his work. In other walks of life he was perhaps better known to other people, but the newspaper fraternity knew him as a valuable auxiliary, generous with his time and talent, and always ready to serve a friend. He will be greatly missed by them.

NARROW ESCAPE

Noah English, at Riglesberger's Almost Dashed to Death

His Shirt Caught in a Set Screw—
Timely Assistance Saved Him.

Noah English, an employee of the Riglesberger saw mills, had a narrow escape from instant death this morning.

He runs a rip saw and the belt had come off the pulley soon after the mill was started. English climbed upon his machine and in attempting to adjust the belt to the pulley caught his shirt in a set screw, which carried the goods around the shaft. English, seeing his danger, pulled back as hard as possible and kept himself from being drawn around the shaft and his body dashed into pieces.

The machinery was immediately stopped when his danger was seen and it was none too soon, for had a moment's delay been occasioned in stopping the engine he would probably have met instant death.

He had only half a pants leg on when he climbed down. His side was slightly bruised but he is not seriously injured. The accident caused much excitement in the mill and his escape was miraculous.

THE TWENTIETH CENTURY COLPORTEUR.

The newspaper has taken the place of the book. It is the news-stand rather than the library to which men go in search of knowledge. The newspaper is read universally; hence it is the one leading medium for reaching the people. That can be said of it which can be said of no other medium—it goes everywhere and is read by everybody. It is they only who pass by given billboards who read the signs inscribed upon them. It is only they who ride in given street cars or steamboats who read the cards of advertisers displayed in these. But the newspaper goes everywhere. It is the great twentieth century colporteur, bearing to every home the progress of civilization and declaring the things that are and to be.

Miss Clara Watts of Milburn, Ky., who has been the guest of Miss Tommy Watts of Jackson street, for the past four weeks, returned home this morning.

THE BANKS

There Will be a Reduction in Taxes This Year.

will Make Quite a Change in State Revenue—Commissioners Appointed.

Frankfort, Ky., June 11.—No state bank organized and doing business prior to 1893 will this year pay any revenue in the way of taxation into the state treasury, thus reducing the general revenue fund for the year about \$80,000. Next year these same institutions will pay only about one-fourth of the amount of taxes assessed against them, thus reducing the state revenue for 1903 by about \$60,000.

This reduction of state revenue, and saving for the banking institutions, was provided for by the general assembly at its recent session in the passage of house bill 138, which is Chapter 1 of the published acts. It is entitled "an act to put the state banks and trust companies on the same footing with the national banks of this state in reference to the overpayment of taxes," and is intended to refund to the banks the money they paid into the treasury in excess of the regular tax rate of 43 1-2 cents for the years 1893, 1894, 1895 and 1896.

The banks paid this excess under the Hewitt law of 1886, in accordance with which they paid the state seventy-five cents in lieu of all other taxes, and which act the supreme court decided was superseded by the revenue act of 1892.

Auditor Coulter estimates that the state banks have paid into the treasury an excess of about \$140,000, for which they were entitled to credit on future tax claims against them.

This act of the general assembly becomes effective on June 18 next and the taxes for the year are due and payable July 1 next. The assessment of bank taxes is, under section 4092 of the statutes, made on reports of December 31 preceding the assessment, which is made in March of each year. The taxes are due to be paid on July 1 following, and is thus caught by the refunding act.

Governor Beckham has named Albert Jeffers, W. McKee Harlie and Lee Penn, all of Franklin county, as commissioners of the state institution for feeble-minded children to succeed John H. Stuart, James Heeney and Samuel R. Smith, whose terms of office have expired. The annual meeting of the board will be held on Wednesday next, when it will be reorganized.

CONGRESSMAN PATTERSON RE-NOMINATED.

Memphis, Tenn., June 11.—Congressman M. R. Patterson was re-nominated by the Democratic convention of the Tenth district, assembled here today in accordance with the action of the county conventions held last Saturday.

DEATH OF A CHILD.

Lucille, the three-weeks-old daughter of Mr. C. A. Willoughby of the Loeb-Bloom company, died today from fever at the family residence, 1812 Tribune street. The funeral will take place tomorrow afternoon; burial at Oak Grove.

Mrs. Sydney Mitchell of Memphis, who has been visiting Mrs. H. E. Thompson and family, went to Evansville today at noon to visit.

Misses Mary Boswell, Minnie and Nettie Terrell will go to Bardonia Monday on a visit.

DOUBLE WEDDING

Two Couples to Marry Tonight at the Bonds Home.

One Couple Resides in Paducah, and the Others Are Strangers.

A double wedding will take place tonight at 1341 South Ninth street. The contracting parties will be Mr. Joe Bonds and his sister-in-law, Mrs. Armada Bonds, and Mr. Theo. Niemczyk, of Memphis, and Miss Enoch McDaniel, of Troy, Ind.

The Niemczyk-McDaniel wedding will take place first, the ceremony to be performed at 9 o'clock by Rev. William Boaz, of the Tenth street Christian church. The other couple, who have kept their marriage a secret, will be united last, and there will be quite a crowd of friends and relatives present.

Mr. Bonds is a well known musician and cooper, and he and his bride-to-be have resided here many years.

Mr. Niemczyk is bookkeeper for a Memphis furniture establishment, and his bride-prospective has been residing here for several months. Mr. and Mrs. Bonds will take no bridal tour, but the other couple will go to Troy, Ind., on a visit to the bride's relatives, and then leave for Memphis, their future home.

Mr. and Mrs. Bonds desired to keep their marriage a secret and surprise their friends tonight, but it leaked out, and this is the reason no invitations were issued to friends.

JUDGE LIGHTFOOT

Will Give no Permission for Children to Work.

Judge Lightfoot has made an important decision that will affect many in the city.

"There was a law passed by the state legislature," Judge Lightfoot said this afternoon "that prohibits infants under the age of 14, without the consent of both parents, guardian and the county judge, from working in any factory or mill. Since the law went into effect on the first of June several have called on me to grant this permission, which I have refused. I think that any man who is able to work and who will make or allow his infant daughter or son enter upon such a life should not be accommodated to such an extent and I shall always refuse such permission and applicants need not apply to me in this capacity. I have seen too much injury done, too many fingers and hands lost as a result of children being permitted to work at machinery; and, again, it takes work away from men, and for these reasons I make my decision."

Judge Lightfoot stated that the argument of some people relative to the prosperous times and the abundance of work for all men was weak and that machinery operated by children did take away work from the men and that there were many men in the city who were unable to secure work on this account.

AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.

If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the drugs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and keep it irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when nil sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

PATENT FLAT OPENING BOOKS.

Mrs. Lillian M. LaCamp,
Secretary and Treasurer of the Kansas City Lodge,
Order of the Eastern Star.

FEW women get sufficient rest. The care of young children, the duties of their homes and in many cases the demands made upon them by modern society keep them awake hours after they should be in bed. This constant straining of the nerves is killing hundreds of thousands of women. One of the first results is that the delicate menstrual function is upset. This terrible drain is sapping their lives—wearing away the nerve tissues that sleep cannot replace.

Mrs. Lillian M. LaCamp, No. 215 East Fourteenth Street, Kansas City, Mo., is the secretary and treasurer of the Kansas City lodge of the Order of Eastern Star, which is composed of the wives and daughters of Masons. Her position is one of great trust, for in her keeping are the secrets of the order and the money which the members pay for its support. Her word carries great weight with everyone who knows her. In writing this testimonial she is in line with her daily duties—helping those who are in need. When she can tell them of a great remedy like Wine of Cardui, who have a better claim on her time and consideration than the hundreds of thousands of her suffering sisters? Mrs. LaCamp says this for Wine of Cardui:

"McEire's Wine of Cardui is certainly a boon to worn out and tired women. I have never known a medicine that would so quickly and permanently restore a woman suffering with the many diseases peculiar to her sex. I have tried it myself and know whereof I speak, and I have recommended it to dozens of mothers, suffering with scanty, profuse and painful menstruation, kidney or liver trouble, and I have yet to know of a case which was not greatly improved by its use. Because of this I am pleased to endorse it, feeling assured that it will not disappoint any."

Mrs. LaCamp is positive that Wine of Cardui will give relief to weak and suffering women and she does not hesitate to say so in strong terms of commendation. And she hopes that thousands

of women will take Wine of Cardui because she has brought it to their attention today. It is a fact that a woman cannot attend to the exacting duties imposed on her without taking some medicine to regulate the menstrual periods. Irregularities of the menses grow worse unless properly treated. The flow may become scanty or profuse. In the former case the entire system is poisoned by the refuse which cannot escape. Profuse menses or flooding drain the body of its strength.

Wine of Cardui when taken by a woman whose health is injured by the strain of too much work, will strengthen her for her tasks. It will stop the weakening discharges which waste the vitality and undermine the constitution. This is an important message to every suffering woman. It shows how she can secure relief in the privacy of her home.

If advice is needed for your case write a letter to the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn., and advice will be given you free of charge.

WAGON BROKE DOWN

HAY RIDERS HAD AN UNPLEASANT EXPERIENCE LAST NIGHT.

A crowd of fifteen or twenty young people, chaperoned by Mrs. Minnie McKibben, went out the Cairo road last night on a hay ride. They had a pleasant time until they started home, and five miles from the city the wagon broke down and they were forced to walk or remain there until another conveyance could be secured.

They decided to wait and one of the party came to Mr. Rotgering's and secured another wagon, which was taken out for the others. They reached the city about 1 o'clock.

SUES FOR DAMAGES

Lilli Lehmann a Vegetarian.
Many of the admirers of Mme. Lilli Lehmann did not know that the great singer is a vegetarian until they learned that the Vegetarian Society of New York had arranged a banquet in her honor for this month. Non-vegetarians have been requested to subscribe to the banquet, but they must expect to be satisfied with a strictly vegetable menu. Mme. Lilli Lehmann began her vegetable diet seven years ago for her health and has kept it up.

Butties on Imported Tea.
The customs duties on the \$11,000,000 of tea imported into this country amount to \$9,000,000. All adulterated and impure teas are excluded from coming into the country by the tea inspection law, which was passed in 1897. If tea is adulterated the adulterations are added in this country.

FOREIGN GOSSIP.

There are physicians in Germany who charge only two cents for a consultation and four cents for a visit.

Seville's water supply, which is in the hands of an English company, was cut off recently to compel the municipality to pay up arrears.

A writer in the Revue de Paris expresses the opinion that the country which gets Tripoli (now belonging to Turkey) will ultimately command the whole of the Sudan.

Workmen's clubs are being extensively boycotted by brewers in the north of England. The reason assigned is that such clubs attract custom from the public houses.

The adoption in Mexico of American styles in clothing has been very marked in recent years. Well-to-do Mexicans are discarding the old "charro" suits, high sombreros and pointed shoes for American-style clothing, hats and shoes.

A dead man's vote was recorded recently in the French chamber of deputies. M. Loyer being absent through illness, one of his colleagues dropped a voting paper hearing his name into the urn. It was afterwards found that M. Loyer had died before the time at which the vote was given.

The travelling cow of the emperor and empress of Russia died recently. This beneficent animal was taken to Denmark and Leth in 1896, and then round to Portsmouth, whence she crossed to France. She travelled from Cherbourg to Montparnasse in the imperial train, and from the latter terminus was driven to the Russian embassy, where she supplied milk to their imperial majesties and the baby Olga.

There is an ancient custom under which the olive groves around Damascus are guarded by official watchmen to prevent the trees being stripped by thieves. But on a certain date the governor, or some magistrate, issues a proclamation warning all owners of olive trees that they must pick their fruit, for after a certain date it becomes public property. If a farmer has his crop only half gathered when that date arrives the public will gather it for him.

TROUBLES OF ARMLESS MEN.

Three of the Illimitable That Give Them the Greatest and Most Frequent Annoyance.

Three common incidents of everyday life worry men without arms more than many of the graver questions of existence. In the first place, the armless man seldom finds anyone who can put his hat on so that it feels comfortable, scarcely no one is able to adjust his glasses to his own satisfaction. If he wears glasses, and, lastly, he experiences great difficulty in getting his shoes laced in such a way that his nerves are not set going, says the Chicago Tribune.

"They're small things to complain about," said one armless man, "but they worry me more than even the fact that I have no arms. My wife has made a careful and conscientious study of my peculiarities with reference to my hat, my glasses and the lacing of my shoes, yet even she does not give satisfaction, and as for strangers, they are simply unbearable.

"When my hat is set on my head it never seems to touch the right spot. It is either too far down over my eyes or too far back, or else, if the position happens to be somewhere near correct, the hat sets too lightly or is pushed down on to my ears. I always wear a 'stiff' hat, so I can butt my head against the wall and adjust my top piece to my own satisfaction.

"My glasses cause me even more worry than my hat. I've tried all kinds and styles with the same result. I'm now wearing old-fashioned spectacles, so I can by rubbing the bridge against the sharp corner of a door or the bottom of a table adjust them at least half way correctly.

"My strangest trouble is with my shoes, and they cause me the most worry because I have not yet been able to remedy the annoyance caused by them. My wife usually laces them in the morning, and frequently she is compelled to make two or three trials before she gets them properly drawn together. If they are a bit too tight or a bit too loose they set my nerves on edge and make my life miserable. I don't know whether I'm a crank or not. Sometimes I think I am, but of this much I am sure—I can't help it."

Lightened Labor.

'Tis hard life's duties to perform, When we are tired and wish to dream, But love will lighten labor so, And make it sweetest pleasure too. It keeps our thoughts above the toil, On comforts which our work will add, And send such thoughts of sweet delight, When we without them might be sad.

And think our lot was pretty hard, And worry with the constant care, But oh! how love will lighten toil, And all the heavy burdens share, Till work seems joy, to make all nice For dear ones that we love so well; How well we feel repaid for it, When their approval tell. —Martha Shepard Lippincott, in Boston Budget.

WITH THE THEATRES.

Miss Alma Hays will sing another song of great local interest tomorrow night at The Kentucky, as the words were written by Mr. J. Henry Orme and the music by Professor Dodd, the song being entitled, "Awake, Beloved." A great deal of interest is being manifested by the numerous friends of both these gentlemen as to how the song will please, and a large audience is expected to hear its first rendition tomorrow night. Miss Hays will also sing "Under the Shade of the Palms" tomorrow night.

An interesting story in connection with the play "Douglass" is that the story that is told during the third act by Lieutenant Trent of the torture of an army officer named Tilley in the Philippines is true. Tilley was horribly mutilated by Filipinos, and was a personal friend of Mr. True S. James, author of the play. They were at one time telegraph operators in the same office in Montana, and were intimate friends.

A "Dashing Widow" was played to a fair audience at La Belle park theatre last night, and gave the best of satisfaction. The specialties were very entertaining and amusing. This play will be repeated tonight, but tomorrow night the excellent comedy-drama "The Castaway" will be presented, together with new specialties, and a good show can be looked for.

"Douglass" was given its second presentation last night at The Kentucky to another large crowd. The performance went very smoothly, and was a great improvement over that of the preceding night. Miss Field, who has been ill, was able to appear in the cast, and has consented to remain with the English Stock company during the remainder of the season.

The souvenir buttons, "Meet Me Under the Shade of the Palms," will be here in a day or two, and will be distributed to the patrons of The Kentucky. The souvenir buttons with Miss Gale's picture will also be here by the latter part of the week.

Miss Marie La Tour of the La Belle Stock is still quite ill, and last night at the close of the last act was so exhausted she fainted. Today she is slightly improved.
